Design is not about the latest materials, perfect stitching and trendy colours ...

Design is something that allows an individual (woman 😊) to bring their dreams to life.

sketch
9 Conduit Street, W1S 2XG London

The LOLA Women's Boudoir is a piece of furniture for women aged 1 to 100 ...
A house first for playing with teddies and dolls, for resting when ill, for writing poems, making entries in a secret diary, for long conversations with a cherished friend, for long hours spent catching up on the laptop ...
And finally for reading books and solving crossword puzzles over a cup of tea ...

The London edition of LOLA Women's Boudoir is kindly supported by Designers Guild London.

KOKO ROCKING ARMCHAIR

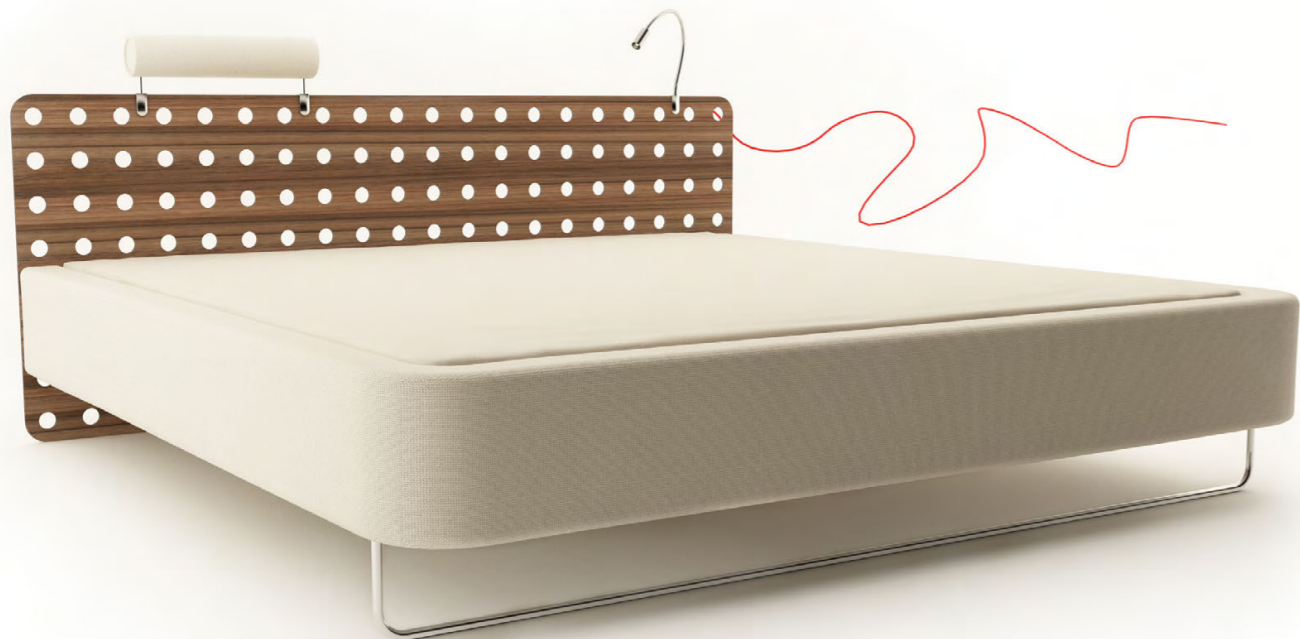

KOKO ROCKING ARMCHAIR

Koko is a rocking armchair or if you like, the bonnie female cousin to the momo sofa. With each swing back and forth, more and more memories will come flooding back of the sweet—smelling river, an everlasting blue horizon, a jar of pickled sausage, of a whimsical summer with fresh lemonade ...

“Late evening, on the first of May—
The twilit May—the time of love.
Meltingly called the turtle-dove,
Where rich and sweet pinewoods lay ...”

SWEET TWEET BIRDCAGE

Beware of sweet tweeting — you may get caged up (an old Czech proverb)

STAND A CAPELLA

A Stand A capella with an accompaniment to support a flowerpot with herbs, a bust, a chandelier, a cake plate with a cover, a vase with flowers from a man.

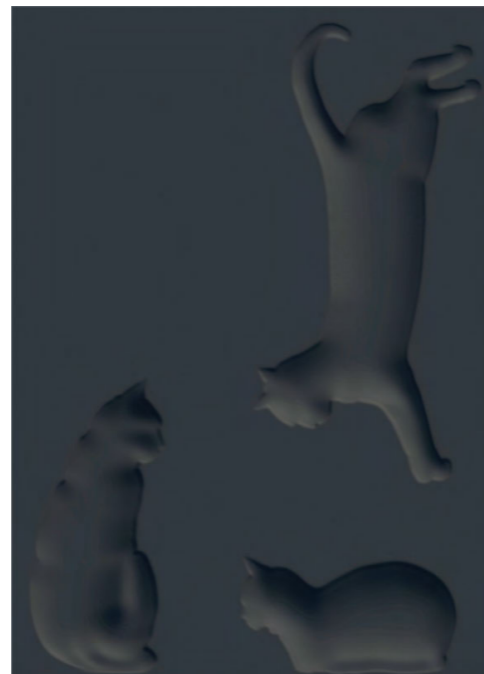

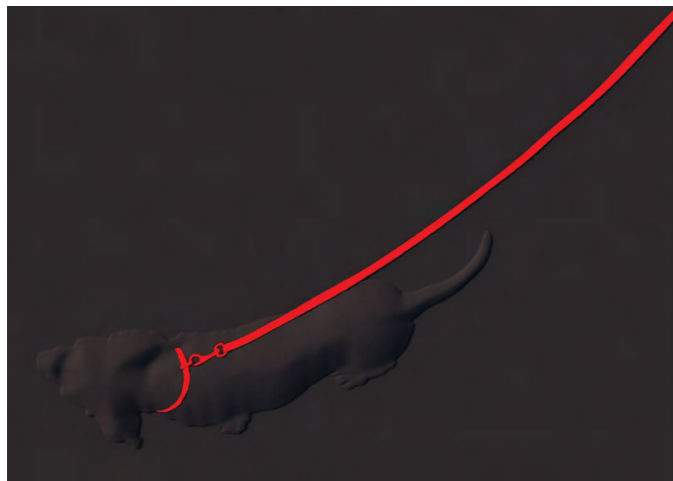

... a part of the collection A Woman's Matter, or what could not be missing in a girl's room

MY DEAR FLOOR LAMP

And then they will huddle by your feet ...
They wait when you come home tired in
the evening so that they could enter
your home together with you but unlike
you dignified and nonchalant.
And then they will huddle by your feet.
They are yours. Your cats.

Sit, lie down or whatever ...
but most importantly STAY !
