> FOR DEER BED

A bed for all deer, horn collectors,
avid hunters and all bio-people
generally.

> TATAMAMA BED

This bed expresses the
ideal notion of mum and
dad snuggling up side by
side every evening...

> Czech Bed

> MÁCHA BED

"Late evening, on the first of May—
The twilight May—the time of love.
Meltingly called the turtle-dove,
Where rich and sweet pinewoods lay..."
K. H. Mácha "May"

> JURKOVIČ BED

An homage to Dušan Jurkovič, the
Mommy, mommy's mommy and
Moravian spas too.
Note: Mommy = the name of a
building designed by Dušan Jurkovič

Of course, my dear...

My dear floor lamp
with lace from rokail by
Vladka Vladstrachna
Neuvirtova. Part of the
collection A Woman's
Matter, or what could
not be missing in a girl's
room.

> KOKO ROCKING ARMCHAIR

Koko is a rocking armchair or if
you like, the bonnie female cousin
to the momo sofa. With each
swing back and forth, more and
more memories will come flooding
back of the sweet-smelling river,
an everlasting blue horizon, a jar
of pickled sausage, of a whimsical
summer with fresh lemonade...

> Emily Jarmily Cecily

> EMILY STOOL

This project is conceived as a tribute to all our Grandmothers: Emily - my Grandma, Jarmily - the Grandmother of photographer Bet Orten, and Cecily - the symbol of universal womanship as such.

Who is the most beautiful woman in the world? Noone else but you! →

> NOONE ELSE BUT YOU! MIRROR

> MOMO SOFA

Momo isn't a three-piece suite, momo is a sofa suitable for placing in a living room, man's study or little girl's bedroom.

> LOLA WOMAN'S BOUDOIR

Lola Women's BOUDOIR is a piece of furniture for women aged 1 to 100... A house first for playing with teddies and dolls, for resting when ill, for writing poems, making entries in a secret diary, for long conversations with a cherished friend, for long hours spent catching up on the laptop... And finally for reading books and solving crossword puzzles over a cup of tea...

Design is not about the latest materials, perfect stitching and trendy colours...

Design is something that allows an individual (woman ☺) to bring their dreams to life.

> AND THEN THEY WILL HUDDLE BY YOUR FEET...! CARPET

They wait when you come home tired in the evening so that they could enter your home together with you but unlike you dignified and nonchalant. And then they will huddle by your feet. They are yours. Your cats.

> "STAY!" CARPET

Sit, lie down or whatever...but most importantly STAY!
